

Andy McMillin Wins Legendary Wet & Wild

Known as one of the toughest races and courses, this year - thanks to Mother Nature, Best in the Desert's first race of 2009 - the Parker "425" took it's toll on the more than 270 of the sport's fastest racers. What turned into a quagmire late in the day made the racers wish for wetsuits instead of race suits, but it didn't slow down Andy McMillin, as he continued his winning ways, and powered his Ford Trick Truck to the overall and class win, besting second place by more than ten minutes.

Casey Folks said, "What a way to start the Best in the Desert season! We were very pleased with the turnout of racers coming to the popular Parker "425" race. The first lap was dry, but then it turned into a real test of racers and equipment against the elements. Congratulations to the survivors - we look forward to seeing you at the Terrible's "250" at Primm in April. Racers - don't forget to send in your early-registration for this year's exciting TSCO "Vegas to Reno" - The Long Way!! 1,000 miles in the U.S."
